## Use Bookmarks As Daily Prompts

---

Materials Needed: Bookmark templates (last page); scissors, coloured pencils, coloured card stock or blank paper. Laminate if desired.

### Instructions

- Use the templates to create bookmarks with word lists as daily reminders of words using the same sound. Review previously taught vocabulary or practise new ones. Use words lists from *Colour and Rhyme It's Phonics Time* or make your own. Write only vocabulary on the bookmarks or accompany them with pictures. Examples are on the next two pages.
- Cut out a rectangle, write the word list on it and colour the same sound. Once completed, laminate if desired for durability. Alternatively, photocopy the blank templates onto card stock.
- Put word lists into alphabetical order. As an extra challenge, divide them into nouns, adjectives and verbs, using three separate bookmarks for the same sound.
- Use these as prompts during a lesson or home study.
